

Translation of Category of Cited Documents in the attached foreign language Search Report:

- A: It is not a reference with a special relation but shows a general technical level.
  - E: It is a prior art, however it was disclosed after the international application date.
  - L: It is a reference for raising arguments in priorities claimed or a reference for establishing the publication date of other references or other special reasons (with reasons).
  - O: It is a reference mentioned in oral presentation, usage, display, etc.
  - P: It is a reference disclosed before the international publication date and after the application date on the basis of which priority is claimed.
  - T: It is a reference disclosed after the international publication date or priority date, is not contradictory to the application, and is cited to understand the principle or theory of the invention.
  - X: It is a reference with a special relation and it is considered that there is no new creation or progress of the invention by only said reference.
  - Y: It is a reference with a special relation and is considered that there is no progress by a combination of said reference and one or more other references, which is evident for the parties concerned.
- 

&: It is the same patent family reference.
